

Note to Parents,

As you may know, the BSA has been in the news consistently over the last few months regarding its anti-gay policy.

While we await their decision on the national stage, we wanted to affirm and communicate to our own Pack members and community, that we, as the Pack and Den Leaders of Pack 78 are open to everyone and against all forms of discrimination.

We welcome the news that BSA is reconsidering its policies in this area, and regardless of the national decision; Pack 78, will continue our open policy to embrace all boys regardless of race, religion, skin color, national origin, disabilities or sexual orientation.

Regards,

Pack 78 Committee and Leadership
